

BEER IN OUR HANDS

(Neil Murray)

You went out west and thought you had it made
Got tangled up with a mongrel wife and paid
Came back east and found yourself a hole
That's par for the course mate, you should know

And If we go down (if we go down)
If we go down (if we go down)
We'll go down with beer in our hands

This land was built with grog and guts and guns
It wasn't pretty but that's how it was done
Don't go trying to tell us what went wrong
Or you can piss off back to where it was you're from

And If we go down (if we go down)
If we go down (if we go down)
We'll go down with beer in our hands

Don't really care what you have to say
Just wanna know, can you play?
Well ya should have been here yesterday
Uh-ha, that's right

Now only pretenders are in to their own fame
There's nothin' worse than a wanker in the game
Isn't it time you paid for a shout?
Tomorrow, tomorrow?- we don't know about

And If we go down (if we go down)
If we go down (if we go down)
We'll go down with beer in our hands
