

# CAN'T WIN

(Neil Murray)

It's getting' dark, getting' dark so quick  
And the rain will come you can count on it  
And your touch, your sweet caress  
Someday soon I'm gonna miss  
For I know

I can't win  
One of us must go  
I can't win  
I wish it wasn't so, but I can't win

When it's like this  
I'm walking on eggshells  
Trying to fix broken cups  
That don't hold water for very long  
Still I pretend to carry on  
But I know

I can't win  
As much as I want  
I can't win  
I've given all I've got  
And I can't win with you

Did I not care?  
Did I not try?  
Did I not love you right?  
Was it something I said?  
Was I too hard?  
Did I not give when you asked?  
Is that what it was?

I can't win  
One of us must go  
I can't win  
I wish it wasn't so  
I can't win  
As much as I want  
I can't win  
I've given all I've got  
and I can't win  
With you  
I can't win  
I can't win
