FITZROY CROSSING

(Neil Murray/Sammy Butcher)

Well I left my heart behind in Fitzroy Crossing
But I'll be goin' back again some day
If you see me on the track
Way out west of Rabbit Flat
You'll know which town in I'm a-gonna stay

Well if you're ever hangin' round in Fitzroy Crossing
When the people all come in at rodeo time
They'll be in from Nookanbah, Derby, Looma, Christmas Creek
And you can bet the beer is flowin' in the bar

Well I can see that Fitzroy River in my mind
And I'm thinkin' about all of those good times
And I remember just how sad I was
The day I had to leave
But I knew that I'd be back again sometime

If you're ever going back to Fitzroy Crossing
Remember me to all the people there
And thank them for the way they treated us everyday
Well I hope I can do the same for them somewhere

'Cause I can see that Fitzroy River in my mind
And I'm thinkin' about all of those good times
And I remember just how sad I was
The day I had to leave
But I knew that I'd be back again sometime

Yes, I left my heart behind in Fitzroy Crossing
And the memory's just too strong now to ignore
If you see me on the track
I won't be stoppin' at Rabbit Flat
You'll know which town that I'll be headed for

'Cause I can see that Fitzroy River in my mind
And I'm thinkin' about all of those good times
And I remember just how sad I was
The day I had to leave
But I knew that I'd be back again sometime
Yes, I knew that I'd be back again sometime
