

GET HAPPY

(Yirmal/Neil Murray)

Don't have any worry- not a care in the world
Cause I'm going - to see my girl
I got tickets - take her out for a show
gonna be happy - everywhere we go.

Gonna shake hands - with everyone I meet
Put a smile on the dial - of the bum in the street
People see me comin - they gonna laugh out loud
Cause I make em happy - when I come round

(Instrumental)

When I sing - I love to see em smile
forget about their troubles- just for a while
Its a brand new day - make a brand new start
You gotta get happy - happy in your heart

(Instrumental X 2)

Gonna sing this song - everywhere I go
Gonna hand out money- till I go broke
Don't have any worry- not a care in the world
Gonna be happy - with my girl
Gonna be happy- with my girl
Gonna be happy (stop)
-just to be with my girl.
