

# HOLY ROAD

(Neil Murray)

I've been searchin' for a long, long time  
I track by day and I listen by night  
I hear people  
That can't get no rest  
My nerves are strained I'm on the edge of my chair  
I might be listenin' for somethin' that's not there  
It's hard to tell  
I've been on the trail so long  
Well there's been a lot of trouble down this way  
Look at all the bones scattered on the trail  
We've been bashed and we've done the bashin' too  
So many crimes, never been solved  
So many confessions, I wish I wasn't told  
Words in anger  
You can't take 'em back

You're gonna have to forgive  
You're gonna have to accept  
Take that step  
Right upon that Holy Road  
Ah, won't you get me on, get me on that Holy Road

So much heartache in the world I can't forget  
So much love, sometimes we neglect so many dreams  
Sometimes you have to let 'em go  
You know you can't go on like this when it's eating you inside  
If you don't do something soon, you know you're gonna die  
Before your time, before your time is due  
You're gonna have to forgive  
You're gonna have to accept  
And take that step  
Right upon that Holy Road,  
Won't you get me on, get me, get me on that Holy Road,  
Won't ya get me on, get me on that Holy Road  
Ah, won't you get me on, get me on that Holy Road  
Get me on that Holy Road

Who's gonna know where to find this road?  
Is it overseas or in a new age book store?  
Don't worry about it, don't think too much  
You're gonna have to endure and learn like the rest  
You might be held on the ground in silence  
Until you're told, you can get up now

You may have to get out of your car and start walkin'  
You may have to cut your losses now and start talkin'  
You may have to find yourself, all over again

Whatever it is  
You're gonna have to forgive  
And take that step  
Right upon that Holy Road,  
Won't you get me on, get me, get me on that Holy Road  
Won't you get me on, get me on, get me on that Holy Road  
Won't you get us on now, get us on, get me on that Holy Road  
Won't you get us on, get me on that Holy Road  
Get me on that Holy Road  
Won't you get me on . . . . Holy Road . . . .  
Won't you get me on . . . . Holy Road . . . .  
I'm askin' won't you get me on . . . . on that Holy Road
