

LATE THIS NIGHT

(Neil Murray)

It's late this night
I gotta feelin' that I don't belong
I'm not alone this night
You're sleepin' like ya always done
Yeah you're curled up tight
Oh baby, what ya dreamin' of?
Can't you tell by now, my heart's already gone
You're so beautiful
When you're sleepin'

I hear a train tonight
Rollin' on outta the gloom
I gotta ride tonight
If I want I gotta catch it soon
Well I pray you don't wake and see me leave the room
Or your eyes will follow, follow me with doom
You're so beautiful
When you're sleepin'
It's hard to leave ya

I can see the light, shinin' from outta beyond
You're asleep at my side, just like you've always done
If I steal this night
Oh baby, what'll I become
When the cold, grey light of mornin' finds me gone
You're so beautiful
When you're sleepin'
It's hard to leave ya,
but it's harder to stay
