

LOVE OR MISERY

(Neil Murray)

There's a woman out there
Moving' through town tonight
And her heart is yearnin'
To find a man that'll treat her right
And there's another man
Standin' dumbstruck on the street
There's a woman he wants
But she's driftin' out of reach

Is it love or misery?
Love or misery, love or misery
Is it love or misery?
Love or misery, love or misery
See what tomorrow brings

There's a lot of people more lonely than they'll say
But they keep on lookin'
Just waitin' for another day
Will it be love or misery?
Love or misery, love or misery
Is it love or misery?
Love or misery, love or misery
See what tomorrow brings

You can take a good woman
Take a good man
And put 'em side by side
With a place to live
Raise some kids and see
There's no guarantee

Take one last woman
And the very last man
Put them on this earth and see what they can have
Is it love or misery?
Love or misery, love or misery, love or misery
Will it be love or misery?
Love or misery
Will it be love or misery?
Love or misery, love or misery
See what tomorrow brings

See what tomorrow brings
Love or misery
See what tomorrow brings
