

SWEET LOVE

(Neil Murray/Sammy Butcher)

My dear wife when we met we were in our teens
I still feel for you the same way
I wouldn't see our grandchildren play
If not for you by my side

Cause I need your sweet love
To keep me strong, to carry on
I need your sweet love
like the morning sun you warm me up

My dear wife, there is just one thing I ask
Don't keep digging up the past,
I know I made some mistakes that hurt you
Please forgive me and we'll both be healed.

For I need your sweet love
To keep me strong, to carry on
I need your sweet love
Like the morning sun, you warm me up

My dear wife, please believe in me
I have cared for you all these years
I've held you in my arms and kept you safe
My dear wife you're the love of my life

And I need your sweet love
To keep me strong, to carry on
I need your sweet love
Like the morning sun you warm me up
with your sweet love
Always by my side , my pretty bride
With your sweet love
I'm your loving man come take my hand
With your sweet love
Forever on, my only one
Sweet love
