ALL THE KIDS

(English)

Should eat good food
To grow up without sickness

If you give the kids proper food
They will live healthy

A lot of kids are getting sick together
Why do you mob continually give them bad food?

Open your ears and listen to what the doctor says
A lot of small children are spending a long time in hospital

Too much sugar, too many cool drinks
Too many lollies and chips
Together is no good

On the other hand
Oranges, meat, potatoes
All these almost get eaten

The little kids might get sick
