

BIG TRUCK

(Neil Murray)

I met a man just the other day
Said he could tell me what my problem is
He said "Son, you're trying to take too much on your shoulders
You got too many battles up ahead"
And he said, "What you need is a new direction
What you need is a change of heart
What you need is to lighten your load
Have you thought about a brand new start"

I run a big truck mister
I run it hard everyday
I drive a big truck
And I'll be drivin' for the rest of my days

Most folks just wanna know if you're makin' money
That's their only measure of success
Other folks they tell ya, you ain't getting' any younger
Better think of doin' somethin' else

But I got deliveries to the country
I got deliveries for the man in the street
I got deliveries for all walks of life
But most of all for myself

I run a big truck matey
Every night and every day
I drive a big truck
And I'll be drivin' for the rest of my days

Oh yeah, I do get lonely
Oh yes, I've had my doubts
But this road I'm on, I've been on so long
And I'm too far gone to stop now

I run a big truck mister
I run it hard everyday
I drive a big truck
And I'll be drivin' for the rest of my days

For all of my remainin' days
My remainin' days
