

# CIRCUMSTANCES

(Neil Murray)

I saw ya today, out on the hill  
You were with your mother, time stood still  
I was ridin' by, you didn't see me  
But I saw your hair, move with the breeze

Circumstances keep us apart  
Circumstances can be hard  
Circumstances against our will  
But I want ya to know I love ya still

Sometimes you cry in the night  
Where is your daddy, where is the light?  
Sometimes I dream I'm holdin' you tight

Circumstances leave their mark  
Circumstances tear at our hearts  
Circumstances against our will  
But I want ya to know I love ya still

Don't ya cry, don't ya fear  
Just think of me and I'll be near  
I know one day, I'm gonna see you right  
Walkin' to me with eyes of light

In a park, or out on the beach  
In a shoppin' mall, just outta reach  
I'm one of those men, workin' on the road  
I'm that cyclist, ridin' home

Circumstances keep us apart  
Circumstances can be hard  
Circumstances against our will  
But I want ya to know I love ya still

Don't ya cry, don't ya fear  
Just think of me and I'll be near  
I know one day, I'm gonna see you right  
Walkin' to me with eyes of light
