

FIRE OF LOVE

(Neil Murray/Bill Jacobi)

To say I had all I needed would not be exact
To say that I was pleased to be on my own
Well, who'd believe that
To say I might have room for someone
Would be no idle admission
To say I was missing someone special would be more like it
So if there's any way for us to meet, I'll be right here
And if the two of us could come to grips
We'll warm our hands
On a fire of love, fire of love
Got it still burning here
Fire of love

I remember a frosty night all those years ago
You were the one to light me up
Stars were spinning out of control and we were laughing all at once
Someone told me where you lived, said you're married now
Well there's just no way we could meet
For we both know
'Bout a fire of love, fire of love
Got it still burning here, fire of love
Got a fire of love my darling, it's the kind that never goes out
Oh yeah, fire of love

Come on all you sea sick sailors, homeless drifters and hard luck girls
Come on all you shabby crusaders
You don't fool me with your words
There's room here for you all, I got a fire lit
Now is there no way we could meet and warm our hands
Well is there no way we could meet, 'round a fire, 'round a fire
A fire of love, fire of love
We got a fire of love my darling, it don't ever go out
We got a fire, oh we got a fire, got a fire of love burning here
So come on all you sad hearted people
What are you crying about
You can warm your hands, warm your heart
Warm your hands, warm your heart
On a fire of love, fire of love
Got a fire of love my darling
