

GET UP

(Neil Murray)

I had this earmarked for the Warumpi Band- in case we ever did something again. But then the lead singer passed away. The song was still there, so I thought I may as well do it. I like to think both George Rrurrambu and Bon Scott are in there somewhere.

I was a dead beat
Arse out of my pants
Didn't have any idea
Didn't have a chance
Nobody helped me
So I helped myself
Now I'm standing
Got a story to tell

So you fell down, I fell down too
Don't wait for handouts,
You know you gotta move

Get up off the floor
Don't lay down
Get up off the floor
Turn it round

I'm still livin
Livin bold
everybody tell me
I'm getting old
Don't look at the scoreline
Don't stop now
you can still lose
or you can win it anyhow

My mind is certain
My aim is true
If you wanna stay down there
Well its up to you

Get up off the floor
Don't lay down
Get up off the floor
Turn it round
Makin it back on my feet once more
Makin my way to your front door

Hard days
Come to us all
Get a kick in the guts
Don't drop the ball
Keep your head up
Stay alive
What ever tries to throw you
Pay it no mind

So you fell down, I fell down too
Don't wait for handouts,
You know you gotta move

Get up off the floor
Don't lay down
Get up off the floor T
urn it round
