

GOTTA BE STRONG

(George Rrurrambu/Sammy Butcher/Neil Murray)

Listen everybody
You know there's lots of trouble in the world
You know about the danger
Big trouble up ahead

You wanna finish up?
I don't wanna finish up
I wanna live

You want to be here tomorrow?
Well you gotta be strong
For our children's future
We gotta be strong
There's trouble up ahead
You want to live tomorrow?
You've gotta be strong

Everyone of us
We gotta be strong
To take care of this country
We gotta be strong
All the people, all around

We've gotta be strong
We've got to be strong!

We gotta be strong
There's a-trouble up ahead
We gotta be strong
There's a-trouble up ahead
We gotta be strong!
