

JOHNNY GREY

(Neil Murray)

Well I'm drivin' on these back roads
And I'm drivin' all night long
Yes I'm drivin' on these back roads
And I'm drivin' all night long
Won't these wheels ever get me to the place that I belong

Won't you find me a river
Somewhere, some place I could rest
Won't you find me a river baby
Somewhere, some place I could rest
Don't you know now pretty darlin' that it's you
I love the best

Well I'm yearnin', burnin' baby
Wondering where I'm gonna make the day
Yes I'm yearnin', burnin' baby, now
Wondering where I'm gonna make the day
Well there's just one thing in life I want for
Wish I could play guitar like Johnny Grey
Oh yeah, play guitar

Well I'm yearnin', burnin' baby
Wondering where I'm gonna make the day, oh yeah
Yes I'm yearnin', burnin' baby
Thinkin' & wonderin' where I'm gonna make the day
Now there's just one thing in life I want for
Wish I could play guitar
I Wish I could play guitar
I Wish I could play guitar
Like Johnny, Johnny Grey, alright
