

KEEP OUR CULTURE STRONG

(Brian Morton/Neil Murray)

Sitting by the firelight
The moon is shining brightly
I'm listening to the old people
Telling a dreamtime story
I'm thinking very deeply
About that dreaming
And how it is the backbone to this land

Keep our Culture Strong
Keep our culture Strong

Culture is the main thing
It's our identity and meaning
And it's the way to survive
We can't forget our ancestors
We gotta keep it all alive
And pass it on to our children

Keep our Culture Strong
Keep our culture Strong
Keep our Culture strong
And carry on

Tjukurrpa mataka nganampakulangu
Ngalipaku wirinayni nginyinginyila

Well I'm standing in my country
I feel the power in the ground
Its what the old people said
When my time is done and I no longer walk this earth
My spirit will return to the place I love

Keep our Culture Strong
Keep our culture Strong
Keep our Culture strong
And carry on
