

# KEEP ROLLING ON

(Yirmal/Neil Murray)

There is a way - To see this country differently  
If you look deep - Something is there  
It's got a plan - Already laid down

That's how it is - Since creation time  
Many nations - living side by side

It was worked out - and its still that way  
No matter there's cities - roads and planes  
In our mind - Nothing has changed

So keep rollin on - Yolngu and Bama  
Nunga and Noongar - Koori and Murri  
Keep rolling on - Yapa and Anangu  
You carry it all - sacred and true

Can you imagine - What could be  
If each language group - Had a government seat  
No more states - We'd be in the right place

So keep rollin on - Yolngu and Bama  
Nunga and Noongar- Koori and Murri  
Keep rolling on Yapa and Anangu  
You carry it all - sacred and true  
Keep rollin on - First nations everywhere  
You carry it all- sacred and true
