

PEACE OF MIND

(Neil Murray)

You been workin', workin' hard tryin' to make the damn ends meet
You been workin' workin' hard tryin' to just stay on your feet

You wanna move to some Queensland dirt
You wanna change, go and change your shirt
'Cause peace of mind is just a moment away

You be down, you be broke
You be sittin' in a deep, dark hole
You be down, you be broke
You be carryin' a very heavy load

No matter how bad, no matter how crook
No matter how sad, no matter how it looks
We're not defeated, we're not in shit street yet

You can find peace of mind, if you try
Bring it to your life
You can find if you try
Peace of mind, bring it to your life today
Peace of mind

You be low, you be slack
You be thinkin' that you can't come back
You be low, you be slack
You be sufferin' from a heavy heart crack

No matter how bad, no matter how crook
No matter how sad, no matter how it looks
We're not defeated, we're not in shit street yet

You can find peace of mind, if you try
Bring it to your life
You can find if you try
Peace of mind, bring it to your life today
Peace of mind

You can find if you try
Peace of mind, bring it to your life today
(Peace of mind)
Peace of mind
You'll be lucky, you'll be lucky one day
