

SITDOWN MONEY

(Neil Murray/Sammy Butcher)

There's no job for my brother
And there's no job for my sister
And there's no job for any of us
And there's no job for any others
I wanna get sitdown money, sitdown money
I'm gonna get sitdown money, sitdown money

Some people work for the government
Got a motorcar and a house to rent
We're still working for the government
They pay us wages as an accident

Talkin' 'bout sitdown money, sitdown money
I'm gonna get sitdown money, sitdown money
Waitin' for sitdown money
Worrying about my money
Fighting over sitdown money
Crying over sitdown money
It's not funny
Livin' on sitdown money

There's no job for my brother
And there's no job for my sister
And there's no job for any of us
And there's no job for any others
I wanna get sitdown money, sitdown money
I'm gonna get sitdown money, sitdown money

You want sitdown money
Apply for sitdown money
Sign for sitdown money
Wait for sitdown money
It's not funny
Livin' on sitdown money
Not much money
Livin' on sitdown money
Not much money!
