# SAD AND LONELY

One aboriginal man is sad and lonely  
His family are all finishing up

He is thinking ahead  
"Where will I go"

He is walking by himself  
His money has run out

"What am I thinking  
What am I thinking

I am sad and lonely  
Standing around by myself

The land is my grandfather's  
Why are they hunting me away

How come they grab and spoil  
This land is their grandfather's

What am I thinking  
What am I thinking"
